

EXECUTIVE DIRECTOR SEARCH

San Miguel School in Chicago, Illinois is in search of its next Executive Director. A full position profile is coming shortly. San Miguel, founded in 1995, is a private, independent, Lasallian, Catholic school providing three essential programs to students and families in the Back of the Yards neighborhood.

MIDDLE SCHOOL EDUCATION: San Miguel serves sixth through eighth grade inner-city students, equipping each with the resources necessary to excel academically, socially, and spiritually at the high school level and beyond. This intervention during the critical middle school years has proven to dramatically improve the trajectory of the student and family.

GRADUATE SUPPORT: San Miguel provides youth development activities, leadership opportunities, financial assistance, and college readiness for its 150+ alumni during their high school years.

FAMILY SUPPORT: Through the San Miguel Community Center, educational opportunities for adults, clinical counseling for students and families, activities, tutoring and collaboration with other neighborhood organizations promote healthy development in the community.

EXECUTIVE DIRECTOR

The ideal Executive Director will be a servant leader with relevant experience, able to oversee all external dimensions of the school – fundraising, facilities, enrollment, marketing, finance, community relations – and thoroughly invest in the students, faculty, and families. Candidates who are passionate about the potential of children and communities and are eager to level the playing field are well suited to this mission and ministry. The next Executive Director will be an inspiring leader who brings forth the gifts and talents of students and staff and attracts investment and involvement of community members, organizational partners and donors.

Interested candidates should submit the following application materials electronically to **Executive Director Search at csmoffice@cbservices.org**: letter of introduction, resume, five professional references with email and telephone information, and an essay (500 words or fewer) demonstrating *why innovative, accessible, compassionate middle school education for inner-city students is worthy of financial support*.
